Speaker

Laurie Elit, MD, MSc, FRCSC
Associate Professor,
Department of ObGyn,
McMaster University;
Gynecologic Oncologist,
Juravinski Cancer Centre & Henderson,
Hospital, Hamilton

Learning Objectives

Through their participation at this program, participants will be able to:

- Identify the main oncogenic HPV types;
- Discuss the burden of disease of cervical cancer and precancers;
- Recognize how an HPV infection is unique and evades the immune system;
- Explain the differences between the two available HPV vaccines.

Organized through the Hamilton and District Pharmacist Association
