Invite you to attend the professional education program:

Micronutrients: Past, Present, Future

Thursday, October 28th, 2010

Geraldo's at LaSalle Park • 50 Northshore Blvd. E., Burlington ON

Agenda:

- 6:00 - 6:45 p.m.Registration
- 6:30 p.m.Buffet Dinner is Served
- 7:00 - 8:30 p.m.Presentation
- 8:30 - 8:45 p.m.Questions and Answers

Program Description:

The purpose of the presentation is to guide attendees through a brief history of classic nutrition, and to introduce how current thinking is shaping the way diet-disease relationships are addressed in the future.

Learning Objectives:

- To illustrate the evolution from classic nutritional deficiency diseases to the concept of optimum nutrition
- To review nutritional biochemistry in relation to optimum nutrition
- To examine specific nutrients and their roles in optimum nutrition
- To address the controversies and conflicting data associated with micronutrient nutrition

Speaker:

Dr. Zubin Austin *B.Sc.Pharm., M.B.A., M.I.S., Ph.D.*
Associate Professor, OCP Research Professorship in
Pharmacy

Zubin Austin is Associate Professor and inaugural holder of the OCP Research Professorship in Pharmacy at the Leslie Dan Faculty of Pharmacy. He is an award winning researcher, having published over 60 peer reviewed manuscripts, two textbooks, and has received over \$6 million in research funding. Dr. Austin has also been awarded the Province of Ontario's Leadership in Faculty Teaching Award, the University of Toronto's President's teaching award, and has been pharmacy professor of the year on 9 separate occasions.
